

Recommended Board Action Requested (December 6, 2021)

Indoor Concerts / Performances and Large Group Meeting Areas Procedures

Due to our concerns for the health and safety of our performing students during upcoming indoor concerts and programs in the District Auditorium and indoor athletic venues, the following requirements for attendees will be used:

- A. Capacity will be limited by the number of available seats.
- B. Attendees must have a ticket from the student to attend. Each student will be issued an equal proportion of tickets based on maximum venue capacity.
- C. Performing students will be required to wear a mask while in crowded areas, including while in close proximity to other students. Solo performers or performers able to socially distance may remove masks while performing. Groups of performers unable to socially distance should remain masked during the performance.
- D. Students and youth are not required to wear face coverings when participating in sports practices or events. Spectators and other individuals attending sporting events must wear a face mask when occupancy exceeds the 75% capacity limit.
- E. In the event that notification of a positive COVID case is necessary, any ticket holder not listed in our parent/guardian database will be asked to provide a phone number for contact tracing. (This will be done via ticket collection.)
- F. If an attendee tests positive for the COVID virus after attending an FASD event, they must immediately notify the school nurse, Kristi Ebaugh.
