

2022-2023

# Lincoln Intermediate Unit General Operating Budget

Including District Contributions and Programs Receiving ICR Funding

## **Lincoln Intermediate Unit 2022-2023 Budget Overview**

The Lincoln Intermediate Unit General Operating Budget for 2022-2023 has been developed to assist our organization in fulfilling our mission of empowering our customers to solve their most challenging problems that impact learning and quality of life. The 2022-2023 General Operating Budget reflects a fiscally conservative budget. All departments budgeted for their actual anticipated expenditures resulting in no overstatement of any expenditures. The 2022-2023 General Operating Budget has an increase of \$370,123 or an increase of 4.81% as compared to the 2021-2022 budget for a total expenditure level of \$8,072,301.

The following pages represent the proposed budget that is required to be approved by the Lincoln Intermediate Board of Directors and the local school district Boards of Directors in accordance with School Code 24PS 9-914-A. The district contributions to the General Operating Budget are unchanged from the prior year with a total district-wide funding of \$132,447. This continues to exemplify our commitment to focus on entrepreneurial activities, in order to provide the most cost-effective services to the districts we serve. The page entitled, *District Contributions*, summarizes specific information regarding the district contributions.

ICR or revenue received from the Indirect Cost Rate is charged to grants and revenue generating departments to assist in recovering the cost of the overhead of the LIU. Revenue from ICR is projected at \$5,675,964.

Some of the expenditure variances include:

### *Board of Directors and Executive Director*

- o There is a decrease of \$8,200 in the budget of the Board of Directors as a result of professional services decreasing. There is an increase of \$7,000 in the Executive Director's budget as a result of increases in compensation and benefits.

### *Business Services*

- o Has a reduction of \$149,000 as a result of less technology spending and the elimination of a contingency reserve line. The LIU has adequate assigned fund balance if a contingency is required.
- o There is no change in the warehouse and courier budget as well as the debt service.
- o Building and Grounds has a decrease of \$8,000 as a result of less being spent on utilities.

### *Human Resources*

- o The HR budget has an increase of \$66,764 with salaries and benefits increasing by \$33,418 and Professional Services increasing by \$48,000.

### *Educational Services*

- o Has an increase of \$245,534 with \$200,000 related to increased salary and benefits due to two new FTE's. The staffing levels of Educational Services varies based on the contracts that they have. As staff expenditures increase it is expected to see revenue increase in this department. For FY23 the revenue is expected to increase by \$219,000. Instructional supplies increased by \$35,000 which is then invoiced out to clients.

Educational Technology

- o Technology decreased \$14,000 as a result of salaries and benefits.

Communication Director

- o This budget increased \$224,016 as this is a new department that was added during the 2<sup>nd</sup> quarter of FY22.

The two main drivers of the increase in the budget is Educational Services and the new Communications Department. Excluding these two departments the budget decreased 1.3% from FY22. Educational Services would normally not be in the General Fund, however it is included as it is dependent on district withholding.

The General Fund budget is part of the budget process and does not stop when the LIU Board approves the budget. The budget process will continue with Lincoln Intermediate Unit personnel continuing to review finances and programs in order to control costs and position the organization to continue to be financially sustainable in the future.

We greatly appreciate the support of the Lincoln Intermediate Unit member school districts, and we welcome your inquiries regarding this year's budget.

Sincerely,

Tim A. Stanton  
Director of Finance

## LIU 2022-2023 General Operating Revenue Budget Overview

By State Law, local school district Boards of Directors are required to approve that portion of the General Operating Budget that is funded through district contributions. For 2022-2022, those contributions are budgeted at \$132,447, which represents a 20-year low. District contributions represent 1.64% of the General Operating Budget as compared to 1.72% of the prior year.

Other sources of revenue for the General Operating Budget are depicted on the chart below. Fund Transfers from each program cover the costs of business operations and facilities.

The total General Operating Budget revenue is \$8,072,301.

## LIU 2022-2023 General Operating Expenditure Budget Overview

Four categories make up the General Operating Budget. Summaries of those programs including revenue and expenditure projections for each are presented.

- ❖ The Administration portion of the budget covers legal services, organizational dues, Board services, and central administration for the entire LIU.
- ❖ The Business Services budget provides business services for the entire LIU, as well as the maintenance department, custodial services, courier, warehouse, and debt service.
- ❖ The Educational Services budget provides curriculum development, instructional improvement programs, staff development and instructional media services to school districts.
- ❖ The Educational Technology Services budget provides services for the entire LIU and offers support of technology for the member districts.
- ❖ The Human Resources budget provides services for employees of the LIU and provides support to HR Directors and staff of member school districts.

The total General Operating Budget Expenditure is \$8,072,301.
