ONLINE SPORTS PAPERWORK

It is required by the PIAA for parents/guardians of student athletes to fill out and complete the necessary paperwork before playing any school sanctioned practice/game. These documents are put into place to keep student athletes healthy. **Sections 1-4 and parental consent can be filled out by a parent/guardian online, but Sections 5-6 (SECTION 5: HEALTH HISTORY and SECTION 6: PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION AND CERTIFICATION OF AUTHORIZED MEDICAL EXAMINER) must be completed on paper. Section 5 is completed by the parent and Section 6 is filled out by a medical provider.** Once completed, this physical copy of 6 can be handed to the athletic department or scanned into Section 6 on the Healthy Roster documents. Your athlete cannot participate in any practice or game until all this paperwork is completed.

Our athletic trainer, Heather Hair, uses HR as her documenting system through WellSpan Health. This system allows parents to stay updated on injuries and sports' physical paperwork! Please email Heather at hhair@wellspring.org with any questions/concerns you may have.
