## WEEK 3

The goal of these learning extensions are to keep your mind active during the summer month. Each day choose one activity and complete it. Try to complete something in each category each week or make it your goal to complete them all!

Math	English	Social Studies	Science	Character	Creativity
Research and create a tessellation project. <a href="http://www.tessellations.org/methods-diy-papercut.shtml">http://www.tessellations.org/methods-diy-papercut.shtml</a>	Create a parts of speech book. On each page, give one part of speech, its definition and sentence with the term circled and a drawing that will help you remember what the part of speech does for your writing.	Research summer holidays and create either a poster, playing cards, a book or a slide show presentation describing the history of the holiday. Why we celebrate and pictures to illustrate it.	Reduce-Reuse-Recycle create a recycling plan for your family. Create a chart to display and a responsibility list for each family member.	Create a list of ways that you can be a good neighbor to others. Then create a plan to complete these activities with your family.	Create a marble painting by following the tutorial found here. <a href="https://www.firstpalette.com/craft/marble-painting.html">https://www.firstpalette.com/craft/marble-painting.html</a>
Find a recipe you would like to cook. Convert the recipe in order to expand it and feed 50 people then reduce it to feed 2.			Take time to look at the stars and plot any formations you find.	Make a card for someone at a nursing home or an elderly neighbor who does not have a lot of visitors to tell them you are thinking about them.	Create a sidewalk chalk drawing designed to make all those who see it happy.

Rules and Examples for these activities can be found on the back!

# SUMMER HOLLIDAY FUN

In each box write about a summer holiday you have learned about and draw a picture to represent it.

# JUNE HABIT TRACKER

Color in the number representing each day in June that you worked on something that used your brain in a creative or constructive way. This could be a visit to the library, making a recipe, or reading a story to a younger sibling or cousin.

The word 'JUNE' is formed by large, hollow letters. Each letter is divided into numbered sections for coloring:

- J:** A vertical column of five boxes numbered 1 to 5, with a small hook at the bottom containing box 6 and 7.
- U:** A U-shaped structure with boxes numbered 8 to 15.
- N:** A structure with boxes numbered 16 to 23.
- E:** A structure with boxes numbered 24 to 30.

**JULY HABIT TRACKER**

Color in the number representing each day in July that you worked on something that used your brain in a creative or constructive way. This could be a visit to the library, making a recipe, or reading a story to a younger sibling or cousin.

The numbers 1 through 31 are arranged in the shape of the word 'JULY' for coloring:

- J**: 1, 2, 3, 4, 5, 6, 7
- U**: 8, 9, 10, 11, 12, 13, 14, 15
- L**: 16, 17, 18, 19, 20, 21, 22
- Y**: 23, 24, 25, 26, 27, 28, 29, 30, 31

The image is a worksheet titled "JULY HABIT TRACKER" with a decorative border. At the top, the title is written in a large, bold, outlined font. Below the title, there is a paragraph of text: "Color in the number representing each day in July that you worked on something that used your brain in a creative or constructive way. This could be a visit to the library, making a recipe, or reading a story to a younger sibling or cousin." Below the text, the numbers 1 through 31 are arranged in a large, stylized shape that resembles the word "JULY". The numbers are placed in boxes or shapes that form the letters: 'J' (1-7), 'U' (8-15), 'L' (16-22), 'Y' (23-31). The numbers are arranged as follows: J: 1, 2, 3, 4, 5, 6, 7; U: 8, 9, 10, 11, 12, 13, 14, 15; L: 16, 17, 18, 19, 20, 21, 22; Y: 23, 24, 25, 26, 27, 28, 29, 30, 31. The worksheet is decorated with a border of small, repeating patterns and four circular designs in the corners.
